

Dear Residents,

ukit Timah has no shortage of gardening enthusiasts, who take pride in growing their own vegetables, fruits and herbs. With community gardens found in Eng Kong Cheng Soon, Toh Yi, Mayfair Park, and now Trivelis, more of our residents can hone their gardening skills and share harvests with neighbours. On the cover of this book is one such harvest at the Toh Yi Community Garden.

Our community, too, is growing. Over the last four and a half years, we have welcomed more than 900 households into two new build-to-order (BTO) estates, Clementi Ridges and Clementi Gateway. This number will increase when Clementi NorthArc is completed in the near future. We now have a total of 13 HDB and private estate neighbourhoods with their own volunteer committees to organise bonding activities and advocate for municipal issues on behalf of residents – more than twice the number when I began serving you in 2011.

Meeting you face-to-face remains a key priority for me. I have continued to do so through door-to-door visits, neighbourhood gatherings and street parties. We have also introduced a series of Saturday breakfast talks to share information on policies, and hear residents' views.

Being in close touch with residents has allowed us to initiate projects and resolve issues that we know matter to most of you.

As we age, ensuring connectivity and mobility becomes more important. We have been improving barrier-free access (BFA) in our Division by working with

partner agencies to put in lifts, ramps and sheltered walkways, especially when connecting to transport nodes. We now have a pedestrian overhead bridge linking Blk 320 Clementi Avenue 4 and Clementi MRT station, which provides the critical "last-mile" for a sheltered and barrier-free route from void deck to MRT for our Clementi Avenue 4 residents. With another sheltered walkway planned for Firefly Park, this "last-mile" will eventually serve residents in Clementi Avenue 6 too.

Infrastructure improvements have also taken place in our private estates. Under the Estate Upgrading Programme, many households in the Toh Tuck estate can now enjoy safer walks in the neighbourhood, in an aesthetically pleasing environment, after new footpaths have been created on covered drains. We have also welcomed not one, but two new parks in private estates one an interim park on a site identified and supported by resident volunteers along Sian Tuan Avenue, and the other at the junction of Kheam Hock Road and University Road. We have also continued to make enhancements to existing playgrounds, parks and common facilities in both private and HDB estates.

With a stronger team of volunteers, we have been able to deliver better programmes to support the needs and aspirations of our community. I was

particularly glad that we set up "BT200", a volunteer team dedicated to identifying vulnerable families and addressing the complex social, financial and emotional needs they face. We have also begun formulating our very own Bukit Timah Sustainability Plan to do our part for the environment and future generations. One example is the "Step Out and Clean Up BT!" project where residents joined forces with volunteers from outside our community to remove the invasive Dioscorea weed from the Bukit Timah Forest. And with the recent outbreak of COVID-19, our volunteers have stepped up by manning face mask collection points in both HDB and private estates, and also initiated projects of their own to help the vulnerable.

That's not all, for yet larger projects are in the pipeline. We have commenced detailed planning for the Bukit Timah Community Hub, an integrated project combining the Bukit Timah Market and Food Centre, the Bukit Timah Community Club, as well as Pei Hwa Presbyterian Primary School's sports facilities. We look forward to the completion of the Rail Corridor, the Rifle Range Nature Park as well as a bold and exciting Linear Sky Park above the Bukit Timah canal.

I am thrilled with the vision of what we can achieve here in Bukit Timah. I am privileged to be among you, our residents – working together, creating together, growing together.

亲爱的居民,

武吉知马不乏园艺爱好者。位于永康正顺、道义、玫菲园及新建的 Trivelis 社区菜园,让更多居民大展园艺,和邻居共享收成。本书的封 面,就是道义社区菜园的成果。

我们的社区也在过去四年半里茁壮成长。我们新增的预购组屋——Clementi Ridges 和 Clementi Gateway,迎来了900多户家庭。当Clementi NorthArc 竣工后,我们将迎来更多新邻居。如今,共有13个组屋区和私宅区设有各自的居民委员会,负责组织联谊活动及代表居民提出市政问题。这是我在2011年开始为您服务时的两倍。

和居民见面交流仍是我的首要任务,除了继续做家访和办社区聚会,我们推出了一系列周六早餐聚会,分享政策信息和聆听居民的反馈。我们也根据这些反馈,推展多数居民所重视的项目、解决备受关注的问题。

随着居民年龄增长,确保社区设施便于出行变得日益重要。我们安装电梯、建设斜道,还有连接巴士站及地铁站的有盖走道,致力于改善无障碍通道。连接金文泰4道大牌320组屋和金文泰地铁站的人行天桥刚竣工不久,为居民提供直达地铁站的有盖无障碍通道。我们计划在萤火虫公园内兴建另一个有盖走道,让金文泰6道的居民通往地铁站时也可以享有一路遮雨无障碍的方便。

我们私宅区的基础设施也有所提升。在私宅区翻新计划下,道德区的水沟加盖,铺设了新的走道。私宅区也迎来两个新公园;一个是位于祥端道由居民义工物色具体地点的临时公园,另一个是位于谦福路和大学路的交界处的正规公园。我们将继续改善组屋区和私宅区的游乐场、公园和公共设施。

有了更强大的义工团队,我们推出了更多种类的活动与计划以满足社区内的不同需求。最令我欣慰的是,我们成立的"BT200"义工小组,致力于找出弱势家庭,协助他们解决社会、财务和心理上的综合需求。我们也启动区内的可持续发展管理计划,为环境和后代尽力。例如居民参与"Step Out and Clean Up BT!"活动,在武吉知马丛林清除有害爬藤,以保护原始生态。冠病疫情暴发后,我们的义工更是义不容辞,在本区多个地点分发口罩和其他物资,关爱特别需要帮助的人群,发挥守望相助的精神。

我们也开始详细规划将兴建的武吉知马社区中心,这是由武吉知马 巴刹和熟食中心、武吉知马民众俱乐部及培华长老会小学体育设施组成 的综合项目。我们期待的建设还包括铁道走廊、射靶场自然公园及武吉 知马水道上的空中花园。我对武吉知马的未来充满憧憬,也很荣幸能成 为这个社区的一分子,与您共同努力、共同创造、共同成长。

Penduduk yang dihormati,

Bukit Timah tidak kekurangan penggemar berkebun. Di kulit buku ini memaparkan hasil kutipan kebun di Taman Masyarakat Toh Yi. Masyarakat kita juga semakin berkembang. Pertemuan secara bersemuka kekal menjadi keutamaan saya. Saya terus berbuat demikian melalui lawatan dari rumah ke rumah dan pertemuan di kawasan kejiranan. Dengan penularan COVID-19, sukarelawan kami telah mengagihkan pelitup di estet HDB dan estet swasta.

Kami telah meningkatkan akses yang bebas halangan untuk dipasang di lif, tanjakan dan laluan berbumbung. Salah satu contoh ialah jejantas pejalan kaki yang menghubungkan Blok 320 Clementi Avenue 4 dan MRT Clementi, bagi melengkapkan laluan berbumbung bebas halangan bagi penduduk Clementi Avenue 6. Kami akan terus meningkatkan taman permainan, taman dan kemudahan bersama.

Akhir sekali ialah Hab Masyarakat Bukit Timah, menggabungkan Pusat Penjaja dan Pasar Bukit Timah, Kelab Masyarakat Bukit Timah dan juga kemudahan sukan Sekolah Rendah Pei Hwa Presbyterian. Saya juga rasa hormat bersama anda, penduduk kami – bekerjasama, mencipta dan membesar bersama-sama.

Brookvale Park's new owners to get en bloc hongbao as sale is approved

Redevelopment includes plan to open another route from Sunset Way area to Clementi Rd

By Yunita Ong yunitaso@sph.com.sg @yunitaOngBT

NOW that a sale order has just been granted for Brookvale Park condo's en bloc, buyer Hoi Hup Sunway will soon be able to embark on its redevelopment, which includes a plan to extend Sunset Way by cutting through the site and a forested area to connect to Clementi Road, its spokesperson told The Business Times on Friday

The Sunset Way neighbourhood cur

Rut some owners later filed objections in part because they disagreed with the report comparing the 999-year leasehold condo to sites with 99-year leases.

A stop order was issued later that year. The settlement was reached following a day of cross-examination of the valuer on Wednesday.

The terms of the settlement did not involve a change in how the proceeds were distributed among owners.

Asked why the company maintained a keen interest in this development throughout the sale's complications, Hoi Hup Sunay's snokesperson's said: "We find the
